EXPERIENCE

LA City Information Technology Agency   October 2018 – Current
Desktop Support
- Lessened support ticket frequency with user education and templates for users
- Created Active Directory data collection **PowerShell** scripts and **Excel** worksheet analyses to save City time
- Authored thorough and detailed procedural documents for non-technical users
- Provided prompt and efficient service to resolve support tickets for over 1000 users

Buelna News Blog   February 2020 – August 2020
Project Lead (ReactJS, Python/Django)
- **Led** weekly meetings with the team members and periodic meetings with the client
- Tracked all members' tasks and assigned deadlines
- Designed and implemented a **full-stack web application** to allow post sharing and editing
- Created **Docker** containers for all modules
- Deployed the application on **AWS EC2** servers with **HTTPS** certificates

Boeing   August 2019 – May 2020
Academic Intern (ReactJS, Python/Django)
- Designed and implemented a **full-stack web application** to gather and analyze satellite telemetry
- Designed the application to display thousands of data points analyzed with machine learning
- **Containerized** application modules using **Docker**
- Authored descriptive and thorough documentation of the project
- **Deployed** the application for public access on **AWS EC2** servers

Alpha Phi Omega Mobile Application   May 2018 – December 2018
React Native Developer
- Participated in weekly **SCRUM** meetings
- Assisted in the development of a mobile app to be used by *thousands* across the country
- Integrated the existing **API** with the new application
- Exhaustively tested and debugged the existing code base

EXTRACURRICULARS

SFSU/CSULA Alpha Phi Omega   February 2015 – May 2020
Active Organization Member, Former Secretary, Former Sergeant-At-Arms
- Participated in a large variety of volunteer/community service projects
- Achieved elected positions as Sergeant-At-Arms (2016) and Secretary (2018)
- Created templates for more efficient, long-term record keeping
- Managed, updated, and upheld chapter bylaws

AWARDS

- Selected from a candidate pool of over 100 applicants to receive a *scholarship* from Metal Services Center Institute (MSCI) for academic achievement and involvement in extracurricular activities
- Received the *Dean's List* acknowledgement for academic achievement at SFSU
